RE Support of proposed Hidalgo County Loop

Dear Chairman Burleson:

As you are well aware, the population growth Hidalgo County is experiencing and the current traffic congestion as well as future traffic projections and population growth, indicate that the need definitely exists to relieve this congestion. The urbanized area of Hidalgo County, being a transportation management area, as well as one of the fastest growing areas of the State, is certainly lacking a loop which would assist in alleviating congestion as well as providing a great deal of connectivity in the area. The Hidalgo County Metropolitan Planning Organization (HCMPO) fully supports the Hidalgo County Regional Mobility Authority's (HCRMA's) effort towards the development of a Hidalgo County loop project. The HCMPO is dedicated in assisting the advancement of this significant project in any manner we can.

Sincerely,

Honorable Angie Garza

**Re: *Hidalgo County Loop Project – Section A
East segment of the Loop at San Juan Road***

Dear Mr. Badiozzamani,

This letter serves to indicate our support for the alignment presented at the last Public Meeting along the San Juan Road ROW going north of the Community of Las Milpas. Mr. Jacinto Garza, P.E. from L&G Engineers has held various meetings with my office keeping me abreast of the various options being evaluated at the time.

I strongly feel that the last alternative presented as the technically preferred at the San Juan alignment serves the best interest of our County, community and schools.

Sincerely,
